Joyful Care Critical Illness Insurance Plan

What if critical illness strikes while you are pursuing your goals? It not only impacts your health but also puts financial strain on you and your family.

Therefore, “Joyful Care Critical Illness Insurance Plan” (the “Plan”) is here to safeguard you and your loved ones, covering up to 176 disease conditions, and protecting you against the qualified non-covered disease conditions with affordable premiums. You can also convert the Plan to a designated whole-life critical illness plan for your changing protection needs at different stages of life.

Plan Features

Covers up to 176 disease conditions

Provides financial support against qualified non-covered disease conditions

Enjoy substantial and flexible protection at affordable premiums

Guaranteed renewal and level premium rate for every 5 years

Convertible option with no proof of insurability required

Extend the love to your children

Covers up to 176 disease conditions

"Joyful Care Critical Illness Insurance Plan" safeguards your health with extensive cover against 88 special diseases, including early stage critical illnesses and juvenile diseases; as well as 88 critical illnesses, namely cancer, stroke, heart diseases, etc..

Special disease benefit¹

If the insured, who is the person covered by the Plan is unfortunately diagnosed with any of the covered special diseases, we will pay 20% of the original sum assured in advance as "special disease benefit". Under this benefit, each special disease can be claimed once only, while carcinoma-in-situ² can be claimed up to 2 times. The total benefit amount under "special disease benefit" is up to 100% of the original sum assured or HKD550,000/USD68,750, whichever is the lower.

We will reduce the sum assured of "Joyful Care Critical Illness Insurance Plan" in accordance with the total benefit payout under "special disease benefit" of the Plan. We will also lower your premiums according to the reduced sum assured.

Critical illness benefit³

If the insured is unfortunately diagnosed with any covered critical illnesses, we will pay the "critical illness benefit", which is equivalent to 100% of the original sum assured and the Plan will be terminated.

For the details of the covered special diseases and covered critical illnesses, please refer to the "list of covered disease conditions".

Provides financial support against qualified non-covered disease conditions

New illness can occur anytime, and even common injuries or disease conditions can cause severe illnesses. That is why "Joyful Care Critical Illness Insurance Plan" plans ahead for you, providing financial support against non-covered disease conditions which meet the requirements.

Protection shelter benefit¹

If the insured is diagnosed with a non-covered special disease or non-covered critical illness while meeting the requirements below, we will pay 50% of the original sum assured in advance as "protection shelter benefit". This benefit will be paid once only and will be terminated after payout.

The disease conditions covered under the "protection shelter benefit" should satisfy the requirements below:

- 1) the insured survives more than 14 days starting from the diagnosis date (both dates inclusive); and
- 2) the insured is admitted in the intensive care unit ("ICU") at a hospital for a consecutive 7-day period or more due to such disease condition, and has been treated by using life-support equipment due to medical necessity (excluding intravenous injection and any monitoring equipment); and
- 3) the disease condition does not satisfy the definition of any covered special diseases or covered critical illnesses under the Plan.

We will reduce the sum assured of "Joyful Care Critical Illness Insurance Plan" in accordance with the total benefit payout for "protection shelter benefit" under the Plan. We will also lower your premiums according to the reduced sum assured.

Extra protection shelter benefit

If the insured received the “protection shelter benefit” for a qualified non-covered disease condition, and such disease condition is listed as an infectious disease⁴ by the Government of Hong Kong Special Administrative Region, such as coronavirus disease 2019 (“COVID-19”), an extra 25% of the original sum assured shall be paid out as “extra protection shelter benefit”, to ensure you the extra peace of mind.

“Extra protection shelter benefit” will be terminated after we paid “protector shelter benefit”, regardless if the paid disease condition meets the requirements of “protector shelter benefit” or not.

Enjoy substantial and flexible protection at affordable premiums

You can be under the aforesaid critical illness coverage and death benefit³ at affordable premiums. If the insured unfortunately passes away, we will pay the death benefit, which is equivalent to 100% of the original sum assured. The Plan will be terminated after the death benefit is paid.

Moreover, you can opt to enroll “Joyful Care Critical Illness Insurance Plan” as a basic plan or a rider to build your own health protection flexibly.

For the details of the benefits, please refer to the “benefit schedule”.

Guaranteed renewal and level premium rate for every 5 years

Once the insured is successfully enrolled into the Plan, premium rate is fixed during each 5-year benefit term regardless of any change of the insured’s health condition or any claim made. Meanwhile, we provide the insured with guaranteed renewal up to age 80 of the insured. We will determine the renewal premiums based on the insured’s age at the time of renewal.

Convertible option⁵ with no proof of insurability required

You can opt to convert the Plan to a whole-life critical illness plan at or before age 70 of the insured, without the need to provide any proof of insurability of the insured, so that you can adjust your health protection at different life stages easily.

Extend the love to your children

We understand that you wish your children to be healthy. If you enroll into the Plan for your children, and you or your spouse is the insured of “Elite Care Critical Illness Insurance Plan”, your children will have additional protection before age 21.

Extended care for children benefit⁶

Critical illness may strike when you least expect it and even strike again after recovery. If the insured’s total benefit payout for “special disease benefit”, “critical illness benefit” and “protection shelter benefit” has reached 100% of the original sum assured, and he/she is diagnosed with cancer (including new cancers, cancer recurrence, metastasis and continuation of a previously covered cancer), heart attack or stroke before the 21st birthday, the insured’s father or mother can place a claim for “extended care for children benefit” under his/her “Elite Care Critical Illness Insurance Plan” when the insured meets the 14-day survival period and the respective waiting period.

The benefit amount is equal to the lowest of:

- 1) 80% of the original sum assured of “Joyful Care Critical Illness Insurance Plan” or “Joyful Care Critical Illness Rider” of the insured; or
- 2) 80% of the original sum assured of “Elite Care Critical Illness Insurance Plan” of the insured’s father or mother; or
- 3) the family pool balance⁷ of “Elite Care Critical Illness Insurance Plan” of the insured’s father or mother (if such plan belongs to a family group); or
- 4) the total amount of multiple critical illness benefit balance of “Elite Care Critical Illness Insurance Plan” of the insured’s father or mother (if such plan does not belong to a family group).

We will reduce the total benefit amount of “multiple critical illness benefit” or the family pool balance (if applicable) under “Elite Care Critical Illness Insurance Plan” of the insured’s father or mother in accordance with the total benefit payout under “extended care for children benefit”.

Convertible option for children⁸

If the insured has not made any claim under the Plan and his/her father or mother is the insured of “Elite Care Critical Illness Insurance Plan”, you can opt to convert the Plan to “Elite Care Critical Care Insurance Plan” before the policy anniversary of the insured’s age 21, without the need to provide any proof of insurability. Meanwhile, you can apply to include the insured into the family group of his/her father or mother’s “Elite Care Critical Care Insurance Plan”, allowing the insured to enjoy “family sharing benefit” of which each family member can share their total benefit amount under “multiple critical illness benefit” (“family pool”) until the insured reaches age 88.

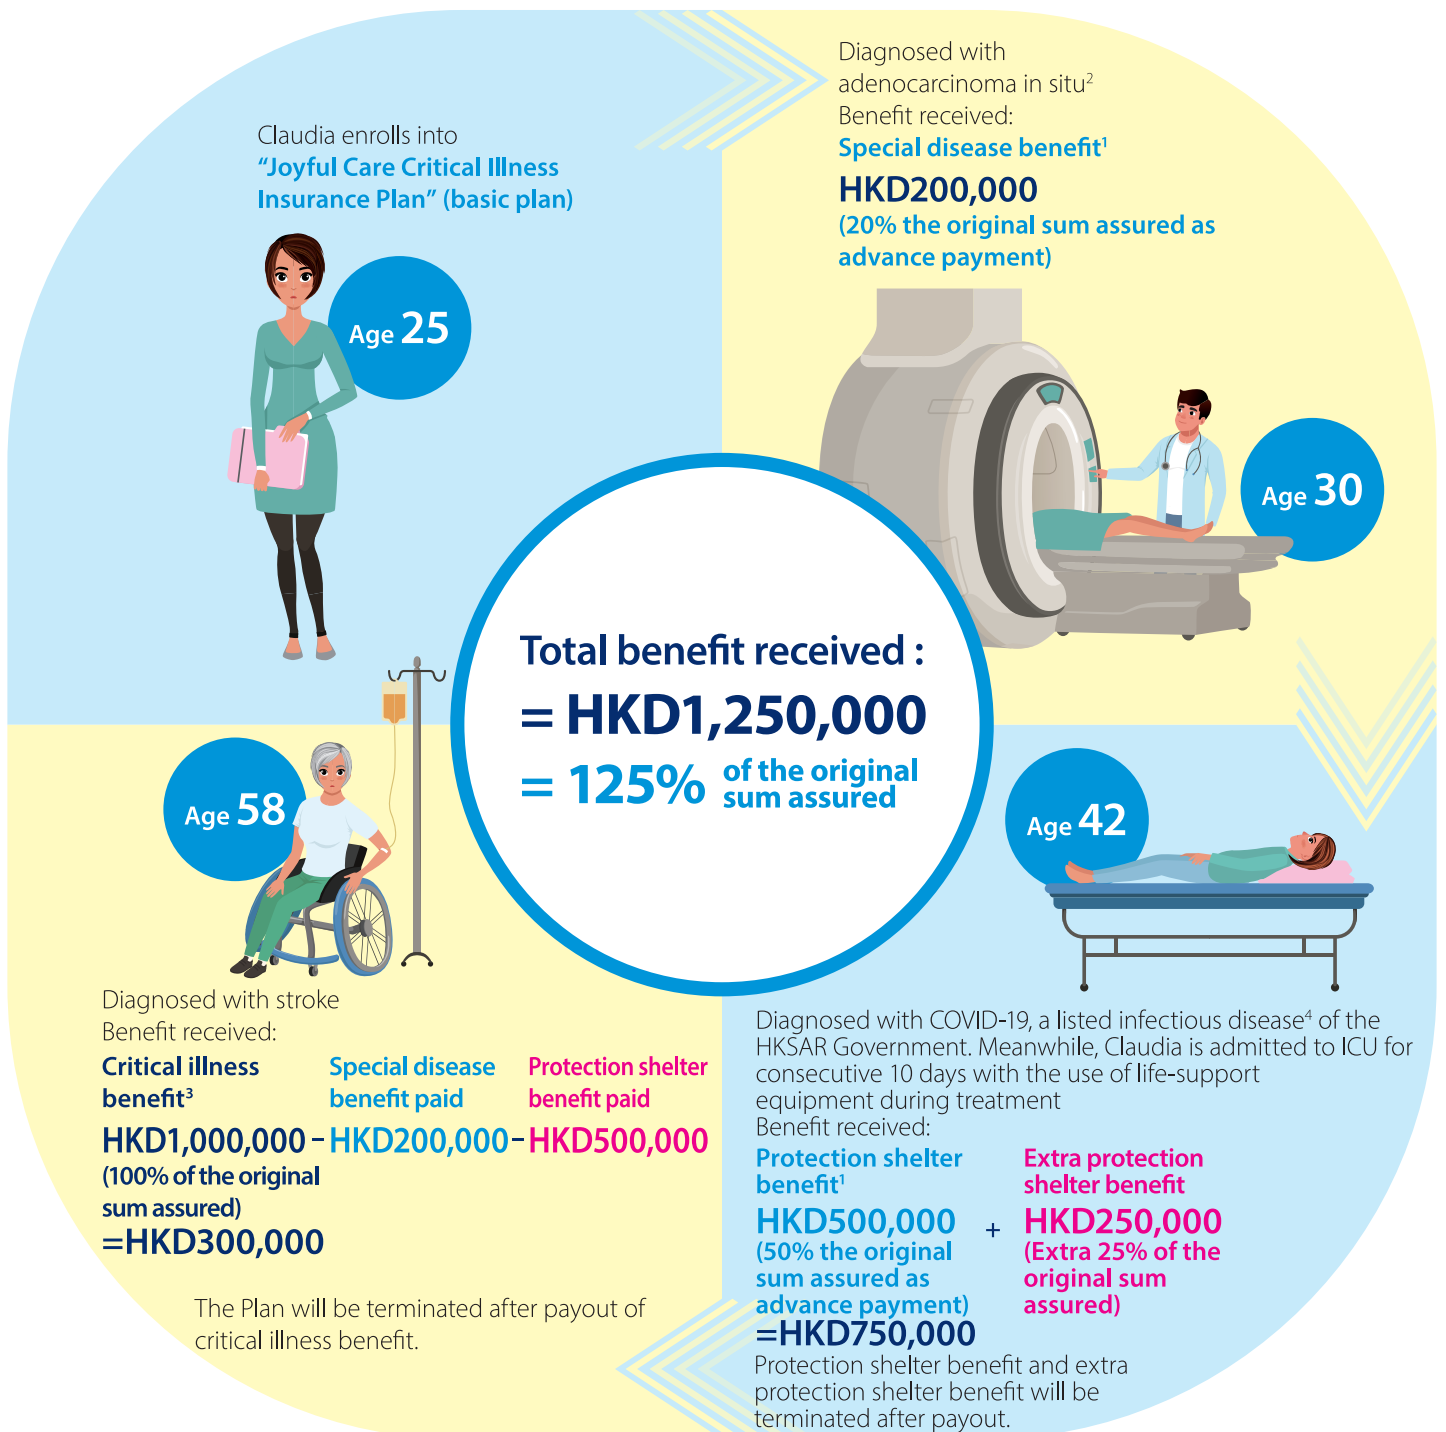

For the details of “Elite Care Critical Illness Insurance Plan”, please refer to the related product brochure.

Case 1: Adult policy

Claudia (female non-smoker) would like to have a comprehensive critical illness coverage at affordable premiums. At age 25, she enrolls into "Joyful Care Critical Illness Insurance Plan" (basic plan) with the original sum assured of HKD1,000,000.

The figures in the above case are rounded to the nearest whole number and for illustrative purpose only.

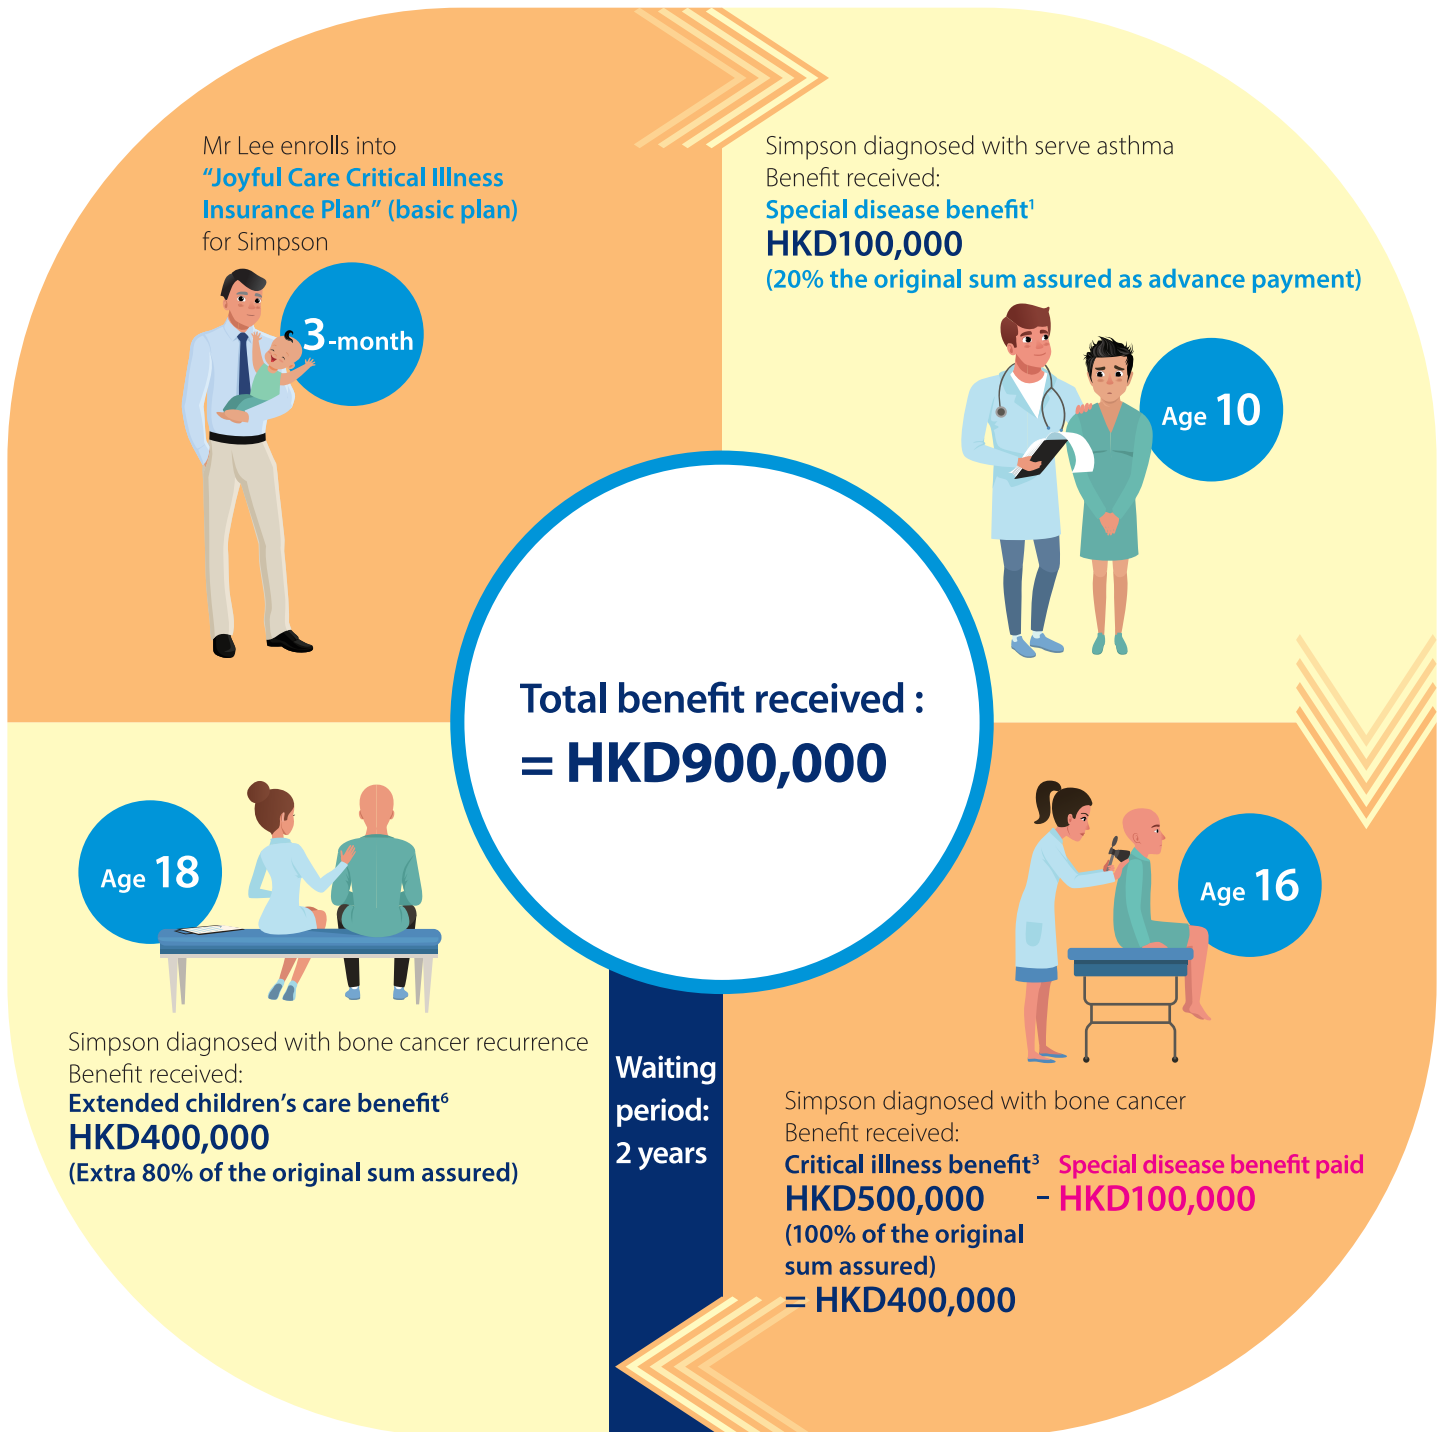

The above case is based on the following assumptions:

- all premiums exclude levy; and
- the above example assumes that there is no withdrawal and no indebtedness throughout the benefit term and that all premiums are paid in full when due..

Case 2: Juvenile policy

Mr Lee enrolls into "Joyful Care Critical Illness Insurance Plan" (basic plan) for his 3-month-old son, Simpson with the original sum assured of HKD500,000. Meanwhile, he registered Simpson under the "Elite Care Critical Illness Insurance Plan" of which he is the insured for the "extended care for children benefit"⁶. The original sum assured of Mr Lee's "Elite Care Critical Illness Insurance Plan" is HKD1,000,000.

Simpson places a claim under the Plan due to diagnosis of different covered disease conditions at age 10 and age 16 separately and the total benefit has reached 100% of the original sum assured. At age 18, Simpson is diagnosed with bone cancer recurrence. Despite the total benefit payout under his Plan has reached the maximum limit, Mr Lee can place a claim under his own "Elite Care Critical Illness Insurance Plan"³'s "extended care for children benefit". Since the amount of extra 80% of the original sum assured under Simpson's is lower than that of Mr Lee's "Elite Care Critical Illness Insurance Plan", China Life (Overseas) will pay out a benefit of HKD400,000. We will reduce the total benefit amount of "multiple critical illness benefit" under Mr Lee's "Elite Care Critical Illness Insurance Plan" in accordance with the total benefit payout under "extended care for children benefit".

The figures in the above case are rounded to the nearest whole number and for illustrative purpose only.

The above case is based on the following assumptions:

- all premiums exclude levy; and
- the above example assumes that there is no withdrawal and no indebtedness throughout the benefit term and that all premiums are paid in full when due..

What are the key product risks?

Credit risk:

The Plan is a life insurance policy issued by China Life (Overseas). Any premium paid will become part of our assets and our financial strength will affect our ability to meet our contractual obligations to you under the policy. Therefore, you are subject to our credit risk.

Exchange rate and currency risks:

Any policy with foreign currencies involves risks, such as potential changes in political or economic conditions that may substantially affect the price or liquidity of a currency. The fluctuations in exchange rates may also cause financial losses to you during currency conversions. You should take exchange rate risk into consideration when deciding the policy currency.

Inflation risk:

The cost of living in the future may be higher than expected due to the effects of inflation. Therefore, your current planned benefits and/or returns may be insufficient to meet your future needs even if we fulfill all of our contractual terms and obligations.

Premium adjustment, benefit adjustment and renewal:

China Life (Overseas) reserves the right to review and adjust the premium rates on each policy anniversary. Factors leading to premium adjustment include but not limited to the experience in claims, policy surrender, investment return, expenses and medical cost incurred by and/or in relation to the Plan.

In addition, China Life (Overseas) reserves the right to review the terms and conditions and/or benefit schedule of the Plan from time to time. China Life (Overseas) will provide you a written notice 30 days before any revision, amendment or modification by ordinary post to your last known address in China Life (Overseas)'s records. In the event you disagrees with such revision, you must provide a written request to China Life (Overseas) at any time within 30 days after such revision takes effect and the Plan shall automatically terminate on the premium due date following China Life (Overseas)'s receipt of such notice.

Policy termination:

The Plan will be terminated when the first of these happens:

- a) the policy is lapsed or surrendered; or
- b) the death benefit is paid; or
- c) the critical illness benefit is paid; or
- d) the total amount paid for special disease benefit and protection shelter benefit has reached 100% of the original sum assured; or
- e) upon the policy anniversary when the insured has reached age 80; or
- f) no premium payment is settled after policy payment is due for 31 days; or
- g) when China Life (Overseas) grants acceptance of the policyholder's application of "convertible option" or "convertible option for children"; or
- h) if the Plan is taken as a rider, the basic plan it attached is lapsed, surrendered or matured.

If the Plan is taken out as a basic plan, all attached rider(s) will be terminated simultaneously if the policy is surrendered. After the cooling-off period, in case the Plan terminates within the policy year, no premium will be refunded, no matter any claim is made in that policy year.

Effective from 1 January 2018, all policyholders are required to pay a levy on each premium payment made for both new and in-force policies to the Insurance Authority (the "IA"). For levy details, please visit our website at www.chinalife.com.hk or contact our customer service hotline at 399 95519 or visit IA's website at www.ia.org.hk.
